- * I am a Front-End Web Developer with 4 months of training experience.
 - * My expertise is to create and design a fully responsive and attractive websites with some animations.
 - * Now I have also started learning UI/UX designing by using Figma and Adobe XD software.
-

@ PROJECTS :

My Portfolio website:- *This is my portfolio website which has contains all the data about me. We can say that , this is my Online Resume which can be viewed by anyone from anywhere in their own device.*

➤ **My Project Link :** <https://nileendra-vip.github.io/portfolio/>

Fast Food E-commerce website :- *This is E-commerce website based on junk food (Fast Food). In present world life all peoples love to eat fast food so that I have decided to make an E-commerce website with the title of "The King Of Fast Food" #Burger Lover.*

➤ **My Project Link :** <https://nileendra-vip.github.io/fast-food/>

Benjamin Regheeti website:- *This awwwards website is completely based on GSAP animations and this website declared as "Site of the Day" on July 26 ,2021. Website is Old but their GSAP animations are Next level. So that I have also tried to make as similar as that website.*
